IPTV Turnkey Solutions

Make every experience counts
for your patients

Introduction

Engage and inform your patients with our customised infotainment solution that offers an excellent end-to-end experience.

Our customized infotainment solution is designed to address these critical needs. It goes beyond traditional patient experiences to offer a comprehensive, patient-centered approach that transforms the way healthcare is delivered and received.

With etisalat by e&, we provide an enhanced and intuitive IPTV experience through a customized viewing interface.

IPTV Benefits

Innovative Design

Provide your preferred design concepts or ideas that you'd like to see in the interface.

Personalized Interface

Share your specific preferences for personalization, such as color schemes, layout, or any unique features you'd like to incorporate.

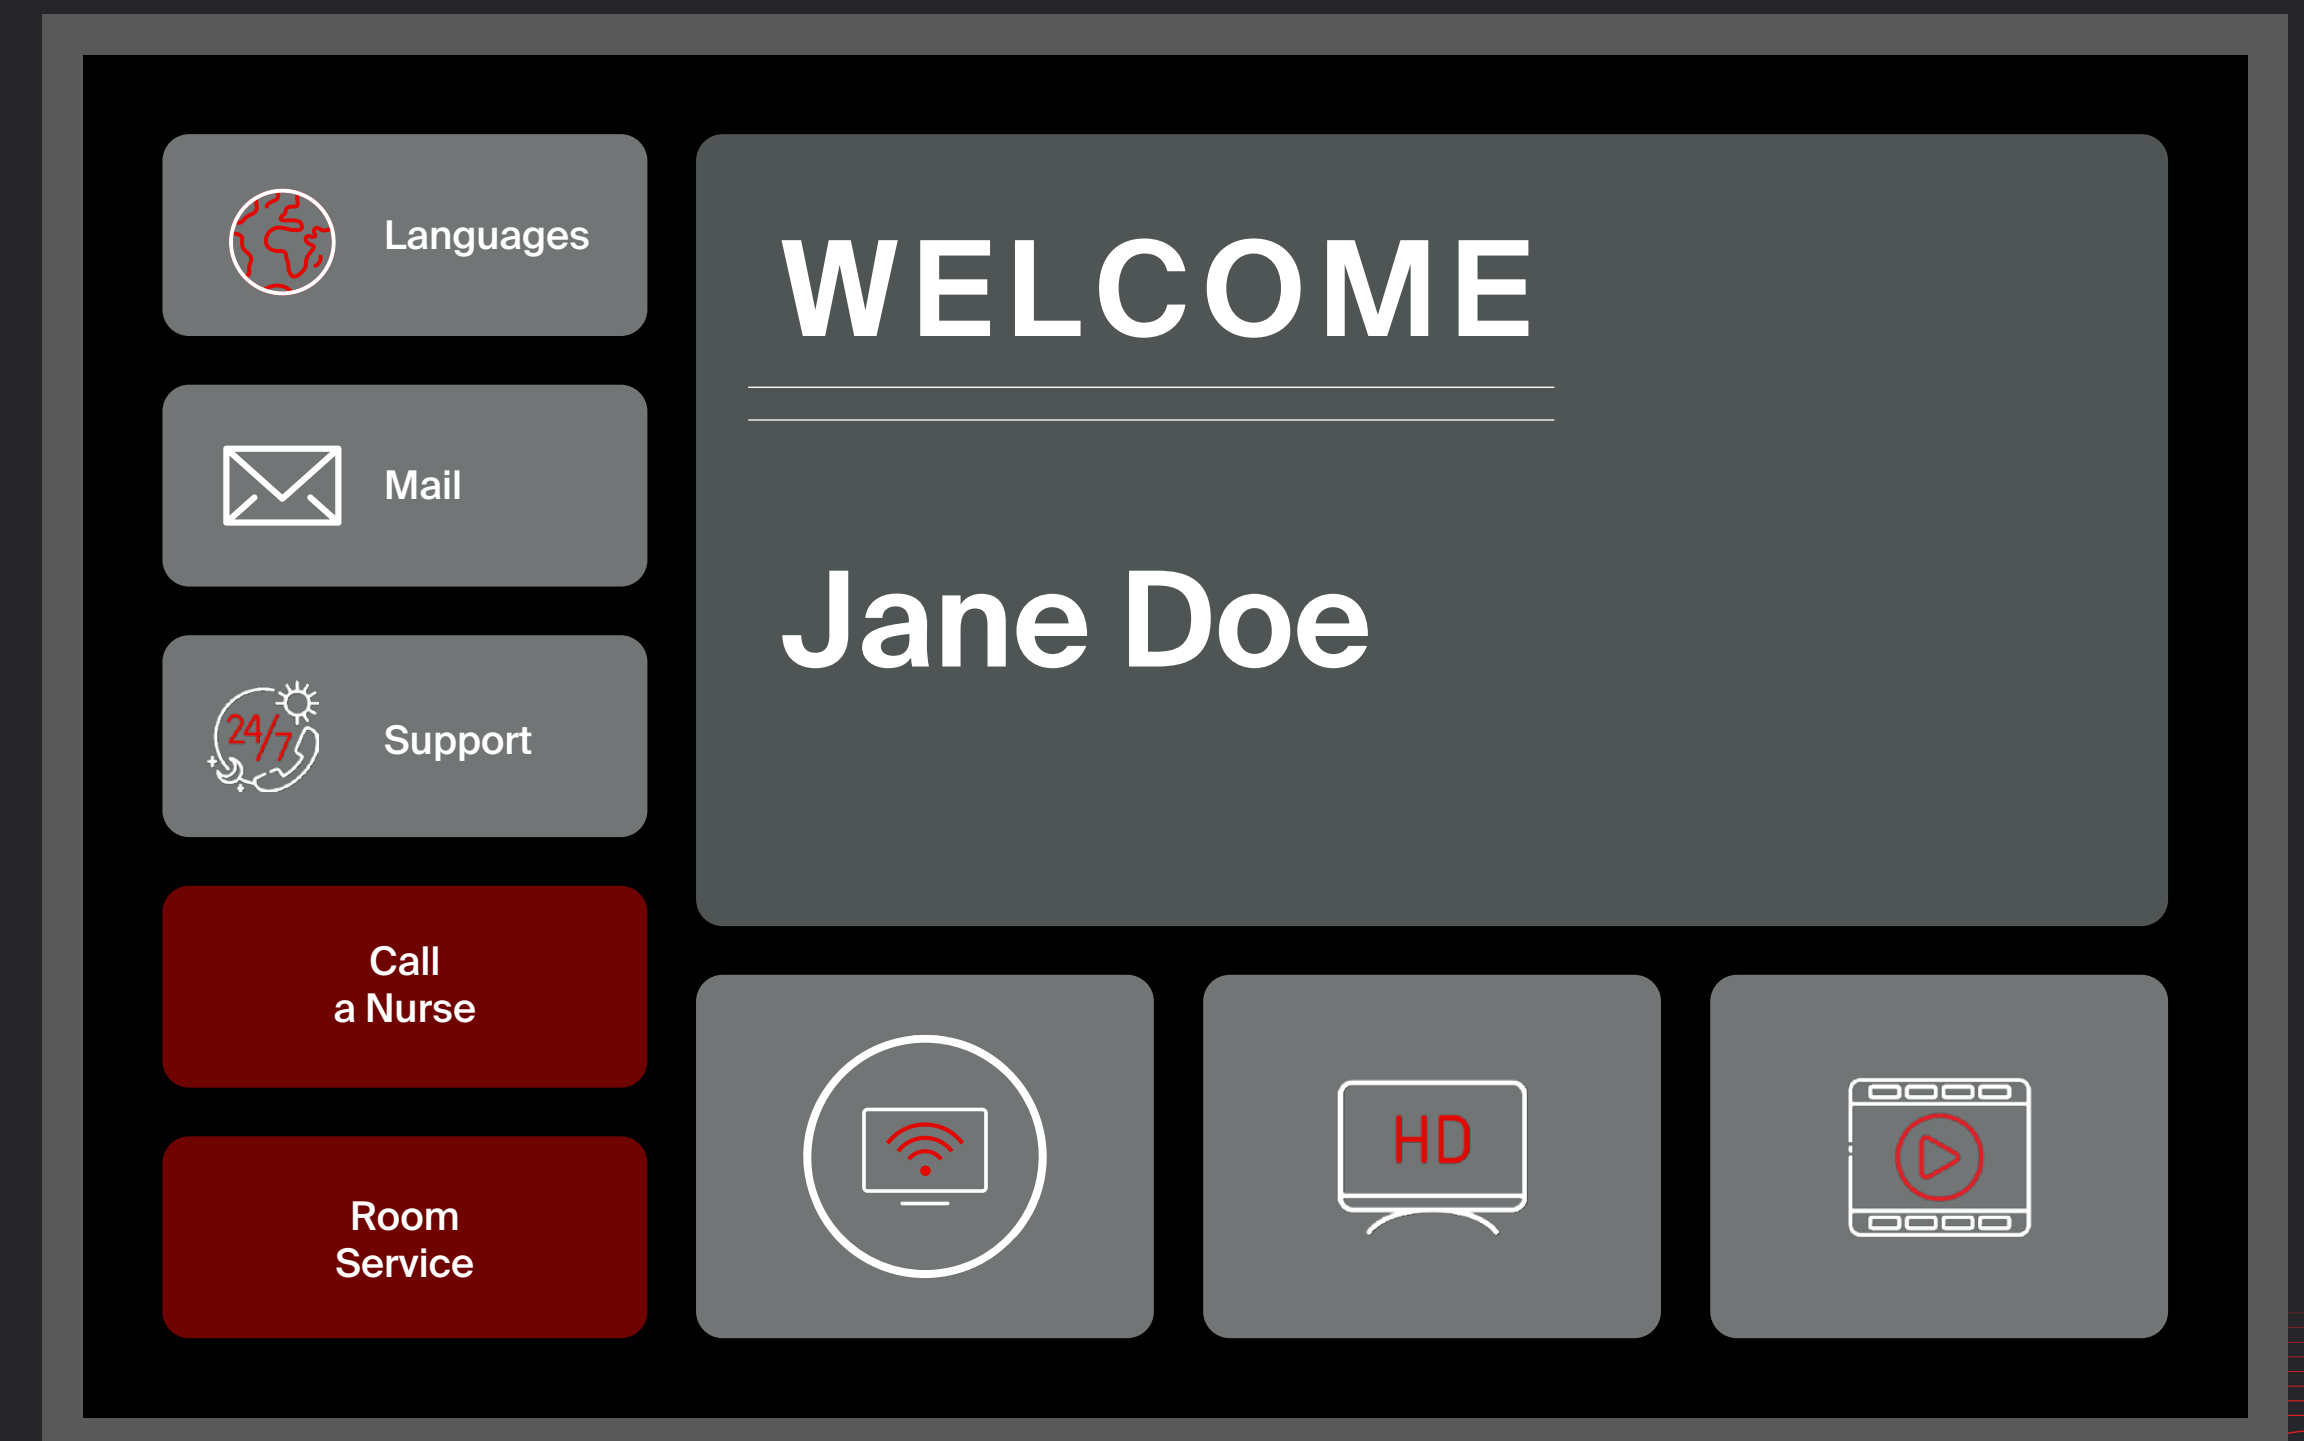

Live TV

Indicate your preferred channels, streaming services, or live TV options you want to integrate.

Customized Welcome Message

Input the personalized welcome message you want to greet your patients with when they access the portal.

Language Change

Specify the languages you want to include for users to choose from or any specific translation requirements.

In-Room Ordering

Share details about the in-room dining or ordering services you want to integrate, including menu options and payment methods.

PMS/ HIS/ Nurse Call System Integration

Provide information about your Property Management System (PMS), Health Information System (HIS), or any specific nurse call system you wish to integrate, including compatibility requirements and desired functionalities.

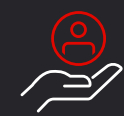

Transform the patient experience with our delivery of visually captivating, fully customizable, and interactive portals

Welcome Screen

Design and upload a welcoming image or message that guests or patients will see when they first access the portal.

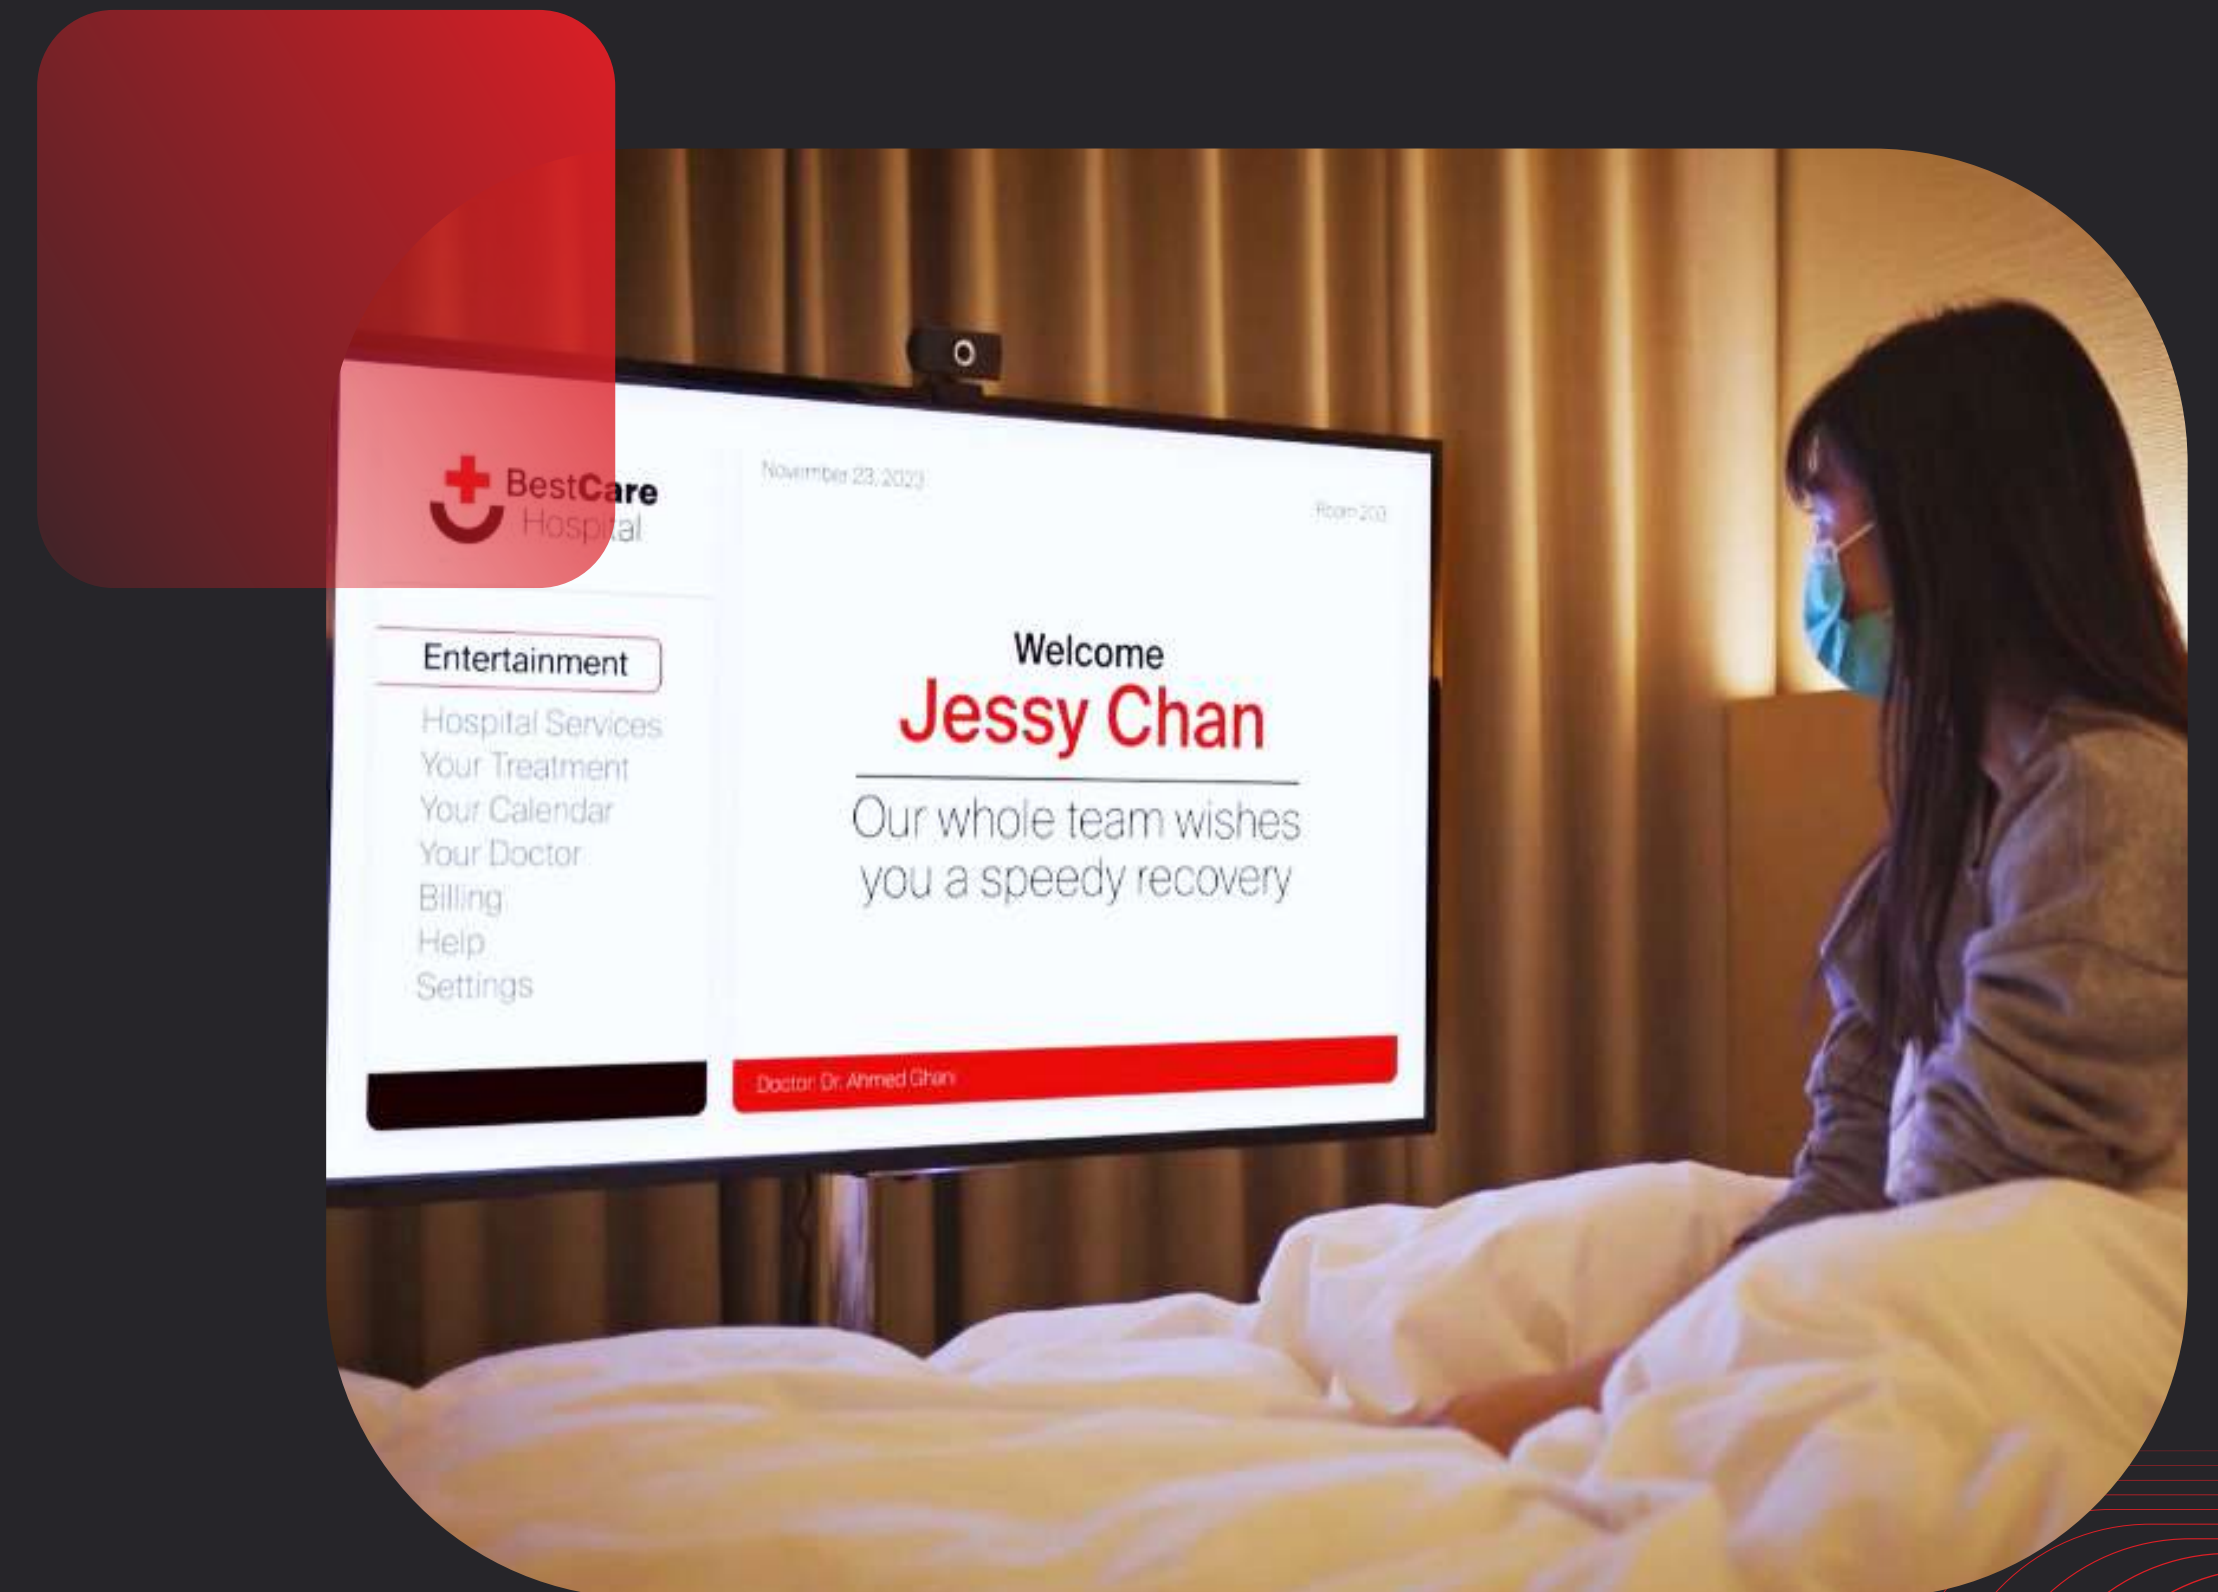

Customized Experience

Tailor the portal's content and features to meet the specific needs and preferences of your guests or patients.

Hospital Information Channel / Video

Provide relevant information about the hotel or hospital, such as services, amenities, and contact details, either as text or in video format.

Chromecast

Configure Chromecast settings, if applicable, to enable seamless streaming of content from personal devices to the TV.

TV Channels Information

List the available TV channels and their programming schedule to keep guests or patients informed about their entertainment options.

Hospital Promotions

Promote special offers, events, or services within the hospital, and provide details and visuals to attract attention.

Why partner with etisalat by e&?

-  Industry-leading expertise
-  Customised solution offering
