Easy Prepaid

Easy Prepaid is an innovative feature that provides a **separate prepaid account on top of an existing postpaid number**. Customers can hence seamlessly switch between their business postpaid account and a personal prepaid account and easily make personal calls from their business number.

Dual Accounts, One Number!

Enjoy the ultra-convenience of making personal calls from your business number as you seamlessly switch between postpaid and prepaid accounts.

No Subscription Fee

Easy Prepaid comes as a free bonus feature to existing postpaid business mobile account customers.

Check Usage

Stay on top of things with user-friendly functionality that allows you to check both current and previous prepaid usage details.

Add-On Availability

You can subscribe to any of the many add-ons on your personal prepaid account - including local and roaming voice minutes, local and international data and SMS.

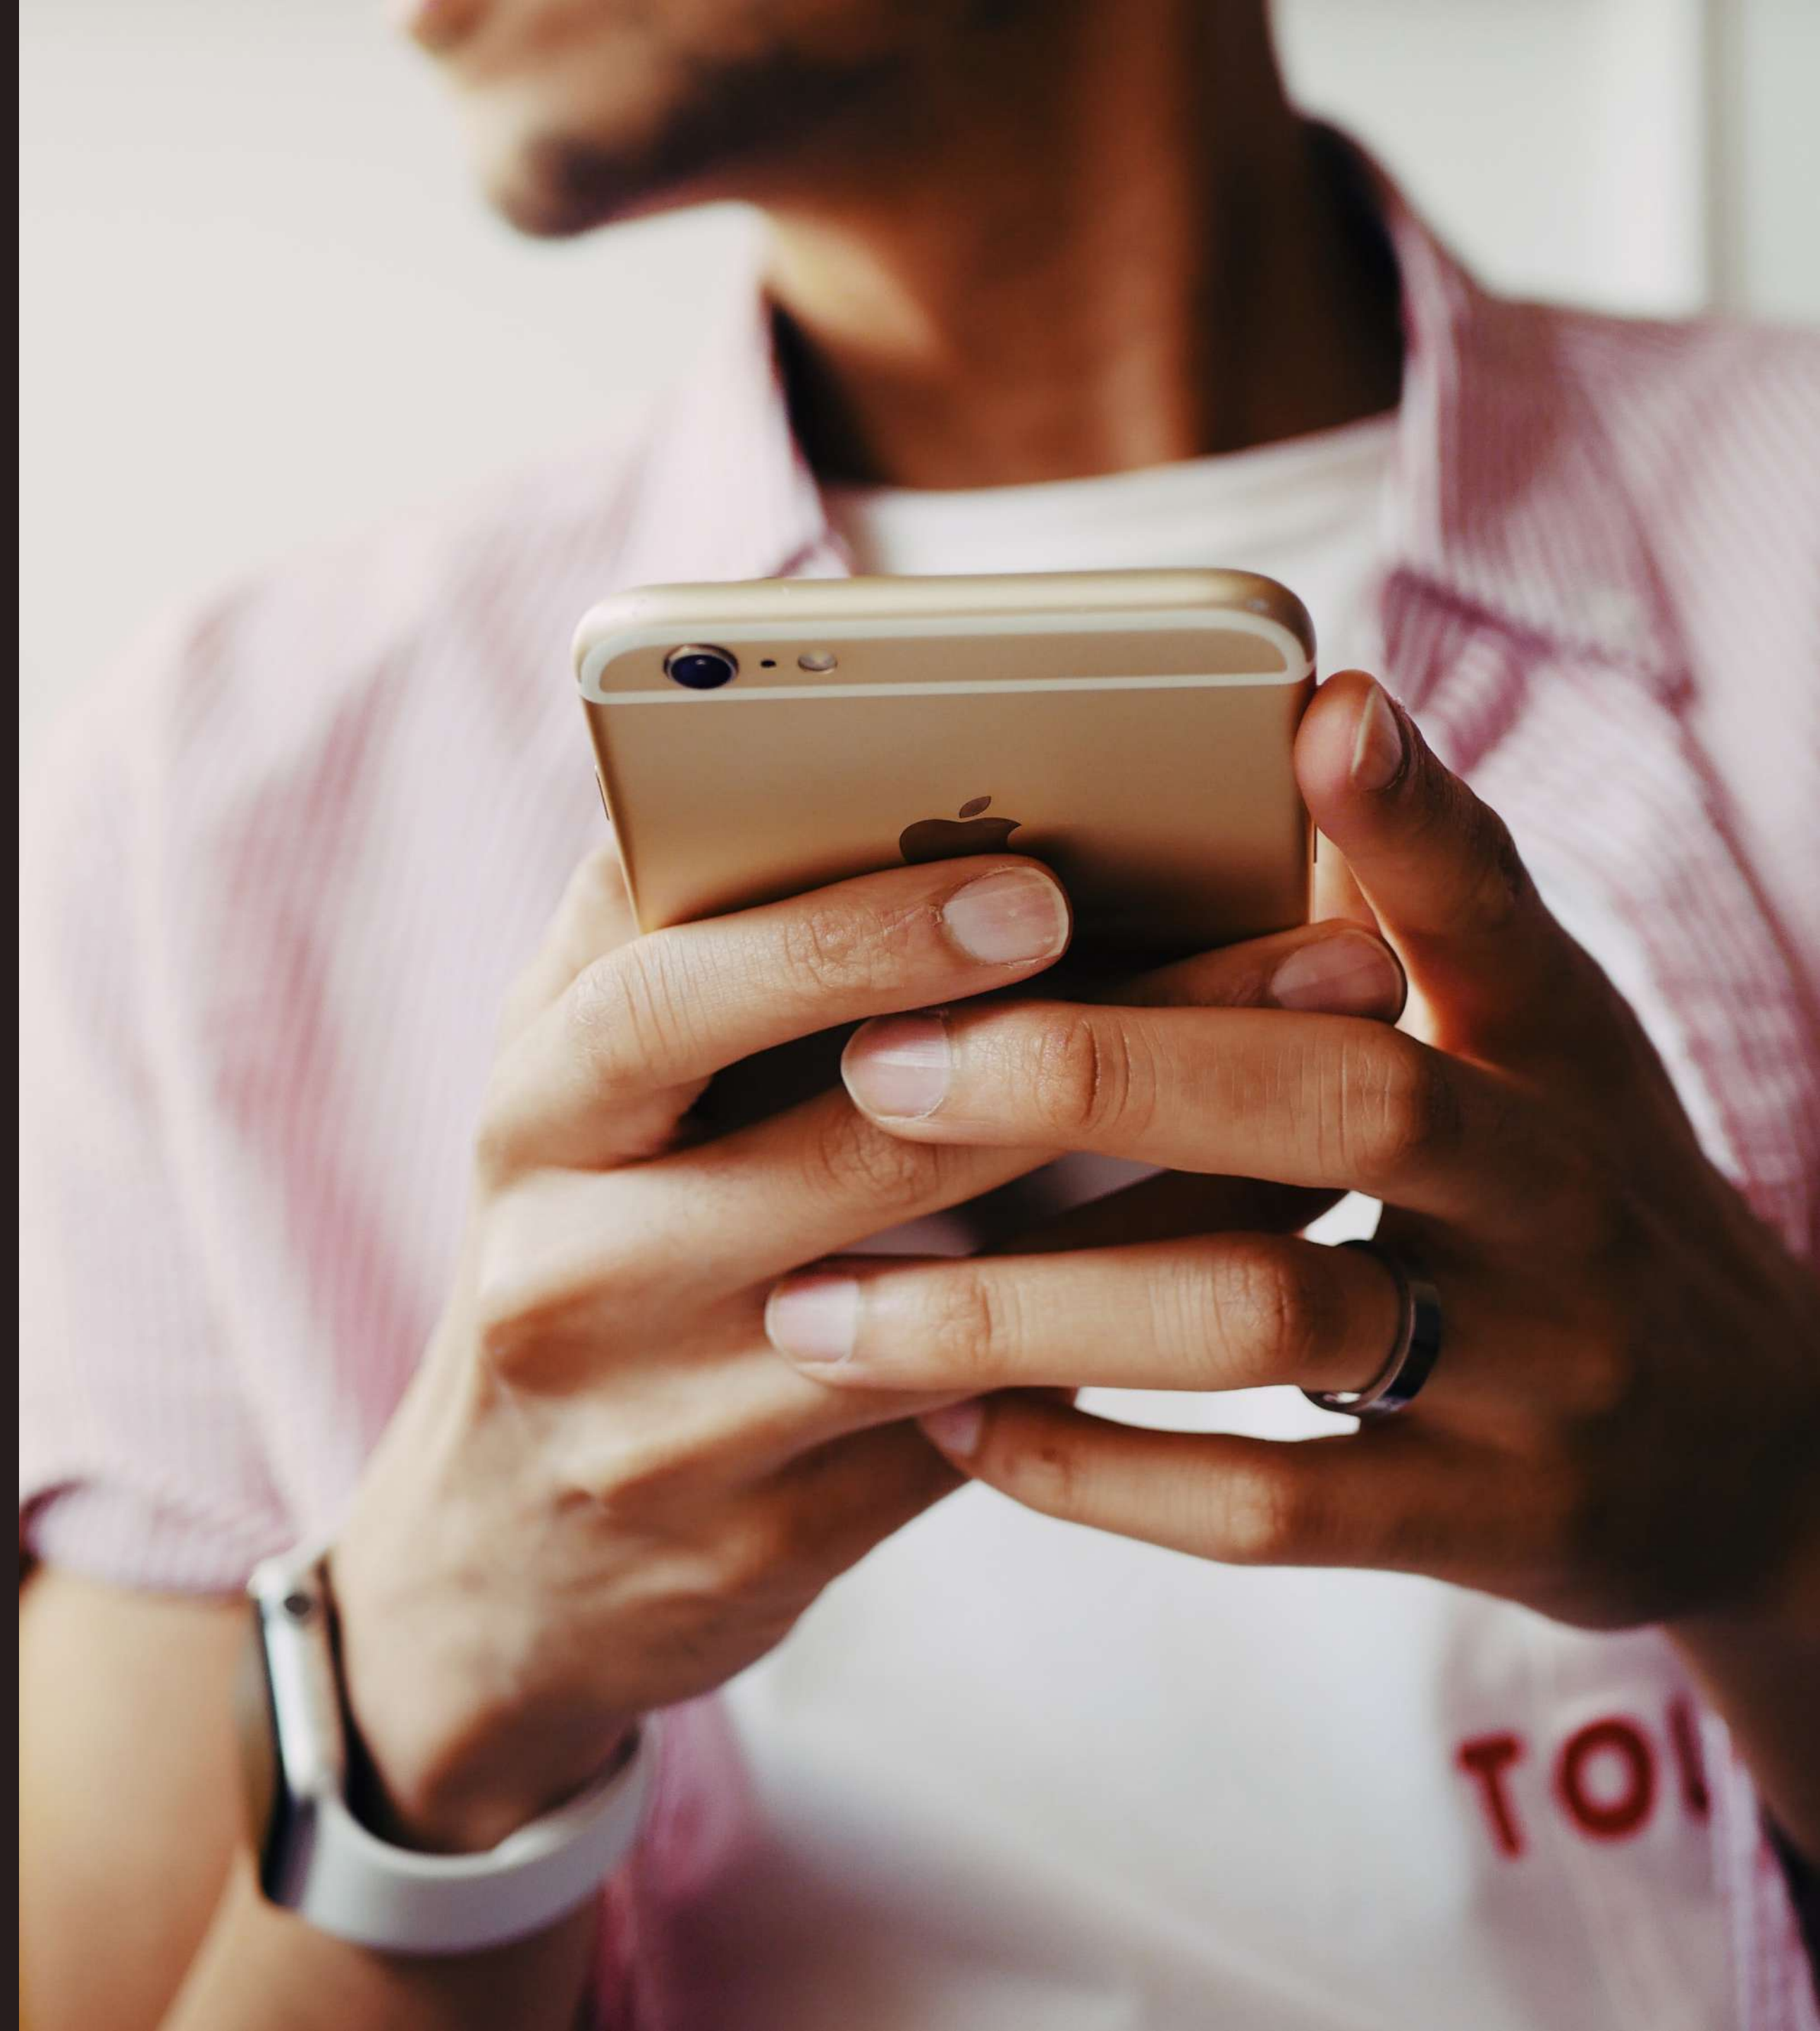

Anytime Switching

You can easily switch between your postpaid and prepaid accounts at any time, and as often as you like.

Multiple Recharge Options

Recharging is a stress-free experience. Choose from a multitude of recharging options - including online, through our mobile app, or at kiosks.
